

French Capture 6,100 Prisoners in Two Days

BIG GAINS NORTHWEST OF SOISSONS || BRITISH HOLD ON HINDENBURG LINE

Heavy Fighting in Progress For Past Two Days on French Front; Germans Say Attacks Unavailing

The Germans hurled counter attack after counter attack during Saturday night and Sunday against the French forces occupying newly-acquired positions northeast of Soissons taken in the advance toward Laon and eastward along the Chemin-des-Dames, but their efforts were useless. The French inflicted heavy casualties on the Germans. The greater portion of the eighteen mile front has been consolidated and as a result of the two days' fighting, 6,100 prisoners have been taken back of the lines.

Not content with Saturday's gains northeast of Soissons, the French on Sunday enlarged their holdings by capturing in isolated operations important German points of support north of Moulin de Laffaux and north of Braye-en-Laonnois.

The Berlin official communication, in referring to Saturday's battle declares that the French attempt to break through the German lines was unavailing, and that the gigantic thrust was entirely repulsed. It admits, however, that the intense fire of the French guns destroyed completely the German positions on the Winterburg and that the eminence and several adjacent sectors were occupied by the French. It is asserted by the Berlin war office that the French "after their sanguinary defeat" of Saturday, did not repeat their attack Sunday.

FRENCH REPORTS

TELL OF BRILLIANT SUCCESSES WON

PARIS, May 6.—A brilliant success for the French arms is recorded in the official communication issued last night and every gain has been maintained against heavy counter attacks. An important French advance has been made against powerful opposition along the road from Soissons to Laon over an extent of nearly four miles. French troops have captured all the plateau in the neighborhood of Cerny and Craonne and the hills dominating the valley of the Ailette river. The number of prisoners captured today was 4,300 in addition to 1,000 taken the previous day.

The official communication issued by the war office tonight reads: "Northwest of Soissons we made complete our success of yesterday and enlarged the captured territory by isolated operations. We occupied several important points of support north of Moulin de Laffaux and north of Braye-en-Laonnois. "The artillery fighting was violent in the whole region of Chemin des Dames, where the Germans launched anew today strong counter attacks against our positions at the Froimont farm, the Vauclerc plateau and in the Craonne sector. We everywhere maintained our gains and repulsed the enemy with heavy losses.

WAINWRIGHT FIRST TO SEEK NEW HOSPITAL

New Municipal Hospitals Act Getting Into Operation, Says Hon. Mr. Garipey.

The Municipal hospitals act passed at last session of the legislature is already being put into use and a number of districts are making arrangements to take advantage of its provisions. This is the information given to the Bulletin on Saturday by Hon. Wilfrid Garipey, minister of municipalities, under whose supervision its administration comes.

"I am proud of the Municipal hospitals act, adopted during the last session of the legislature," said Mr. Garipey, "and I have no doubt that its provisions will prove workable and beneficial. The need for more hospital accommodation throughout the province need not be discussed, as it is a self-evident proposition.

"Already the province is being mapped out in hospital districts, and plans for hospital buildings and furnishings are being prepared. Sound expert help and advice is being sought and before many days my department will be prepared to do business under the new bill.

"The town of Wainwright and adjoining district was the first to apply for the erection as a hospital district under the act. Applications have also come from such centres as Camangay, Innisfail, Olds, and Claresholm. In the Wainwright case the applicants are anxious to be dealt with without any delay, and we shall do our best to meet their wishes."

RIOTING AT MAINZ, GERMANY.

AMSTERDAM, via London, May 6.—Grave rioting has occurred in Mainz, Germany, according to a report received here by the Telegram. Sixteen hundred people took part in a demonstration because of the scarcity of food and a number of shops were looted. Troops fired on the demonstrators, and several were killed. Later the troops arrested five hundred persons.

ALLIED CONFERENCE IS HELD AT PARIS

Complete Accord On All Questions Reached, Says Semi-Official Communication.

(By Morning Bulletin Leased Wire) PARIS, May 6.—At a conference of the entente allies held in Paris a full discussion of the war situation took place and a complete accord was reached, according to a semi-official communication issued last night. David Lloyd George, the British prime minister; M. Ribot, and other members of the French cabinet, General Petain and General Nivelle, Vice Admiral De Bon, chief of the naval general staff, and the Italian ambassador, Marquis Ragai, and A. P. Iawolski, the Russian ambassador, were present.

Field Marshall Sir Douglas Haig, commander of the British forces in France, also attended the conference.

HUN TRENCH IS TAKEN BY CANADIANS

Sunday Morning Surprise Attack Captures Position Filled With Machine Guns.

(By Morning Bulletin Leased Wire) CANADIAN HEADQUARTERS IN FRANCE, May 6. (By the Canadian Overseas Correspondent.)—By a surprise attack early Sunday morning the battalion holding that part of our front immediately south of the Souchez river captured an important sector of the enemy front line and support trench some distance to the east. The whole region southwest of Lens, where the ground was gained, is dotted over with ruins of mining villages, and almost every house has been transformed into a miniature fortress by the introduction of machine guns, operated from the shelter of strong emplacements. The gunners who hold these posts do not surrender—they die at their places beside their guns, fighting to the end. Germany still has men of that type, and they sell their lives for the utmost price they can exact.

It was to avoid as much as possible the concentration of machine gun fire on our attacking force that the enemy's trench was rushed. The assault was completely successful. Men went in with bombs and bayonets and cleared the trench after a sharp fight. The occupants, one officer and 33 men were captured. Possession of this ground was regarded by the enemy as so important that twice during the night he counter attacked. Both efforts failed. The German losses are known to be heavy. The ground won improves our position.

The systematic burning of everything of value in and around Lens continues from day to day. The enemy seems likely to stay long enough to make good his boast that nothing of France's most prosperous mining region will be left but a smoking waste when he goes.

Balmy Breezes Herald The Arrival of Spring

Spring has arrived. There was no possible doubt whatever about the fact. The weather man's official assertion that the thermometer yesterday registered a maximum of 70 degrees was not required as evidence. A balmy breeze from the south wafted here luscious and under the sweet influence of her smile the buds swelled visibly on the trees and the young grass on lawns and boulevards came pricking gaily up through the brown and withered herbage of yesterday. Under the eaves of the McDougall church the first dandelion of the season upheld its golden disc to the blue sky. Robins piped among the branches and song sparrows trilled as joyously as though such things as frost and snow and blizzard blasts were quite unknown.

There was a sensation of stirring life throughout all nature. The seasons move swiftly in these latitudes and, before we know it, opulent summer will come treading on the heels of Mademoiselle Spring.

COAL STRIKE AVERTED

SYDNEY, N.S., May 6.—The threatened strike of coal miners at Glace Bay, N.S., has been averted. It is understood that a new agreement has been signed by the Dominion Coal company, and representatives of the men which gives the men an increase in wages.

PETROGRAD IS AGAIN WARNED OF HUN ATTACK

Advance By Way Of Libau Is Now Spoken Of.

TALK OF MOVING TROOPS IN BALTIC

Organization Of Reserve At Petrograd For Defence Ordered.

(By Morning Bulletin Leased Wire) PETROGRAD, May 6, via London, May 7.—Petrograd is again warned of an impending German attack upon it by way of Libau in an army order which directs the disposition of forces to resist such an attack. The warning was given by General Korniloff, commanding the troops in the Petrograd district, who in his order of the day says:

"We have received reports that the enemy is concentrating large forces against our northern front. German merchantmen are at Libau, ready, as soon as the ice has melted, to embark troops, and under cover of the German fleet, to carry out a landing which may possibly be made close to Petrograd.

"In order to create a new army capable of stubbornly defending our capital against the assaults of an enemy from abroad and of consolidating the freedom won by Russia, I order the reorganization of the reserve elements of the district in accordance with the orders I have already issued to the effect that the troops organized elements must remain in Petrograd in conformity with the declaration of the provisional government and must be ready to defend civil liberty and, in the event of an enemy movement against Petrograd, oppose and defeat the enemy in the outskirts of the capital."

MINERS REJECT NEW AGREEMENT

Men of District 18 Decide to Prolong Alberta Strike Situation.

(By Morning Bulletin Leased Wire) EDMONTON, May 6.—Yesterday the United Mine Workers of District No. 18, by a vote of over 2 to 1 against, rejected the proposed new agreement, referred to them by the joint conference committee of operators and miners, which had been in continuous session for eight weeks before reaching an agreement on the terms to be incorporated in the new contract.

First, dissatisfied with the failure to negotiate a new contract by April 1 when the strike expired and later at the long delay without any apparent progress towards the desired end, camp after camp suspended and on May 1 not a mine was operating in District 18, resulting in some six thousand mine employees being idle.

The decision yesterday means the cessation will be prolonged, but a special convention of the miners will be held in Calgary on May 10, presumably for formulating the ultimatum to the mine operators.

WOMAN ACQUITTED OF MURDER.

VANCOUVER, May 6.—Frankie Russell was acquitted of the charge of murdering Chief of Police M. B. MacLennan shortly after 5 p.m. Saturday, by the jury which had been sitting on the case, with Justice MacDonald, in the assizes court since Wednesday morning, and is now a free woman. The announcement of the verdict by the foreman was followed by a considerable burst of applause by spectators in the court, who had sat there all day, the case being given to the jury at about 1 o'clock.

Struggling Desperately, Enemy Being Exhausted --Premier Ribot of France

Addressing Allied Conference at Paris, French Prime Minister Refers to Significance of Gathering and Expresses Hope That United States, Russia and Other Entente Allies Will Soon Join in Manifestations of Allied Solidarity.

(By Morning Bulletin Leased Wire) PARIS, May 6.—Alexandre Ribot, the French premier, in addressing yesterday representatives of the British, French and Italian parliaments attending an international congress here, referred to the significance of the gathering of delegates from countries representing Liberal ideas and expressed the hope that the United States, Russia and other entente allies would soon join in the manifestations of allied solidarity. Referring to the status of the war today, he said:

"While the war is unfinished, it is approaching its denouement. The enemy still is struggling desperately, but we can feel his gradual exhaustion and discouragement. A calm examination of the military situation shows what a great change to our advantage has been wrought within a year. Then we were meeting the German offensive by the valor of our forces at Verdun.

"Now it is no longer anarchy, but we who are attacking. We are forcing the enemy to recoil. They boast of a strategic retreat, but if they were not forced to recoil, why did they abandon their former entrenchments? This famous Hindenburg line—has it not already been broken at one point compelling a hasty formation of new lines of defense?

"We press them at the same time as our valiant British allies. They are forced to bring up all their heavy reserves against us and all their heavy artillery, but despite their efforts they are forced to yield steadily before us.

"More than 40,000 prisoners and 500 guns taken in the last few weeks attest the magnitude of our success and the extent of the enemy's defeat. We shall soon see the same unity of action on other fronts, the same success, owing to the tenacity and valor of the united allies along all the fronts.

"Confirms Certainty of Victory "The entrance of the United States into the war confirms our certainty of final victory. Germany feels it."

RUSSIAN DELEGATES OF SOLDIERS AND WORKMEN FAVOR A DURABLE PEACE

Resolution Declares Firm Assurance of Council That Peoples of Belligerent Countries Will Be Able To Overcome Resistance of Governments and Force Them to Negotiate for Peace on Basis of Renunciation of Annexations and Indemnities.

(By Morning Bulletin Leased Wire) PETROGRAD, May 5, via London.—The sitting of the Grand Council of the workmen's and soldiers' delegates ended last night after the delegates had discussed a supplementary communication from the provisional government explaining the note of May 1 to the allies. The council passed a resolution declaring that the government's new note which it will send to the allies, puts an end to all interpretations of the note of May 1, contrary to the interests and aims of the revolutionary democracy.

Another resolution was adopted declaring the policy of the government for the first time had been made the subject of international discussions, and this fact should be considered an important victory for democracy.

The resolution concluded: "The executive committee, while asserting its unshakable determination not to make peace except on such conditions, appeals to the entire revolutionary democracy of Russia to rally around the council of workmen's and soldiers' delegates and to declare its firm assurance that the peoples of all the belligerent countries will be able to overcome the resistance of their governments and force them to enter upon negotiations for peace on the basis of renunciation of all annexations and indemnities."

The explanation of the note of May 1 which the provisional government gave to the council and which will be forwarded to the allied governments follows: "The note was subjected to long and detailed examination by the provisional government and was unanimously approved. It had in view a solution of the problems which were mentioned in the communication of April 9, and which was thus specified:

"Does Not Aim At Domination. "The government does not aim at its right and duty to declare now that free Russia does not aim at the domination of other nations or at depriving them of their national patrimony or at occupying by force foreign territories, but that its object is to establish a durable peace on the basis of the rights of nations to decide their own destiny. The Russian nation does not just after the strengthening of its power abroad at the expense of other nations; its aim is not to subjugate or humiliate anyone. In the name of the higher principles of equity, the Russian people have broken the chains

HEAVY FORCES OF ENEMY ARE BEING ENGAGED

Counter Attacks Are All Repulsed After Fierce Fighting.

THRILLING BATTLE IN AIR REPORTED

Six British Airships Put 15 Of Enemy To Flight.

(By Morning Bulletin Leased Wire) LONDON, May 6.—The British are successfully maintaining themselves in the Hindenburg line east of Bullecourt. The Germans delivered a determined attack at this point last night, which entirely failed, and were balked again this morning in a similar effort, the war office announced today in a communication which reads:

"Later reports show that hostile attacks delivered against our troops on the Hindenburg line east of Bullecourt have been particularly severe. Considerable forces of the enemy have been thrown into the fight in this neighborhood, but after fierce and close fighting they have on each occasion been repulsed with heavy losses. "The enemy delivered two determined counter attacks early this morning in an endeavor to recover the section of his front line south of the Souchez River captured by us yesterday night. He was completely repulsed in each case.

"Today a party of the enemy attempted to break through our lines south of Acheville, but was driven off. Another hostile party which succeeded in reaching our trenches west of Haluch during the night was driven off with losses. Two other enemy machines were brought down and seen to crash behind the enemy's lines. In addition two more enemy machines were driven down out of control. The remainder of the enemy broke the engagement. All six of our airplanes returned safely, though much shot about.

"In all, four German machines were brought down by our airplanes yesterday, and five others were driven down out of control. Another two were shot down by our anti-aircraft guns. Two of our machines are missing."

NO RECRUITING GOING ON NOW IN DISTRICT 13

Major General S. C. Mewburn Asserts That Some Form of Compulsion Necessary.

(By Morning Bulletin Leased Wire) CALGARY, May 7.—That compulsion in some form or other is necessary for the new Canadian defense corps of which he is commanding officer is to be recruited at all was the sentiment expressed Saturday by Major General S. C. Mewburn in an address to some 75 Calgary militia officers, who assembled at the 103rd armory for the purpose of meeting the general.

Following General Mewburn's address, a resolution declaring that voluntary enlistment has ceased to exist in Military District No. 13, and urging that the government bring in some form of compulsion was moved by Lieut. Col. J. S. Dennis, seconded by Lieut. Col. W. C. Bryan, and unanimously carried.

General Mewburn told his hearers many details about the composition of the forces now under arms in Canada and gave it as his frank opinion that no further progress would be made until conscription was brought into force. He astonished the officers present by the statement that 110,000 eligible men had crossed the line from Canada into the United States in recent months for the purpose of avoiding compulsory service.

WHITE GOES TO WASHINGTON

OTTAWA, Ont., May 6.—Sir Thomas White left on Saturday for Washington to assist at the allied war conference and Sir George Foster returned. Sir George will take up the duties of government leadership here until Sir Robert Borden's return a week or so hence. The finance minister will take up with the allied representatives at Washington various questions relating to Canada's financial co-operation in the war for the balance of this year.

Canada's Roll of Honor

The names of two Edmonton men appear in last night's casualty lists. They are: Pte. Atkinson, 16515, 72nd Street, killed in action, and Pte. A. W. Ross, North 2nd Avenue, died.

Pte. G. T. Burrows, of Lacombe, and C. Hillman, of North Cooking Lake, are reported to be wounded.

In the services Acting Lance Corp. J. F. Price, of Mannville, is reported seriously ill and Pte. N. Riches, of Provost, to be wounded. Pte. Chas. Oldfield, next of kin, at 5384 105th Avenue, Edmonton, serving with an Edmonton battalion, is reported dangerously ill.

PTE. GEORGE MITCHELL.
Pte. George Mitchell, of this city, killed in action at Vimy Ridge, was a well known hockey and football player and was formerly employed by the Scott Fruit Co. Previous to enlisting he was working with a surveying party 300 miles north of Fort McMurray, and walked all the way to Edmonton, a distance of 600 miles, proceeding to Winnipeg, where he signed on with a famous fighting battalion. He was transferred to a machine gun section in France. His sister is Mrs. G. E. Gordon, of 11548 48th Street.

PTE. FRANCIS E. COONEY.
Pte. Francis E. Cooney, whose relatives live at 10167 19th Street, and who joined an Edmonton battalion after it had gone east, was killed in action April 9th, at Vimy.

PTE. A. R. TINSLEY.
Pte. A. R. Tinsley, of a local battalion, reported missing on May 1st in the fighting on the western front, was for three years in the Edmonton post office, general delivery department. He was born in England and came to Canada about four years ago. He has a married sister living in Cadogan, Alberta. He is an active member of the postal clerks' association.

PTE. A. MURDOCH.
Pte. A. Raymond Murdoch, whose death in England, from spinal meningitis on March 14th, has been reported, was a young homesteader of the Stettler district. Before enlisting with a Central Alberta battalion he, with his brothers, was engaged in farming east of Stettler. He was 23 years old and the second son of Mr. and Mrs. John Murdoch, of Munson, and went overseas last December.

Returned Soldiers Require Increased Allowance While in Gov't. Training.
Ottawa, Ont., May 5.—The conference of vocation officers of the Militia Hospitals Commission, held in Ottawa this week, has been concluded. At the meeting the general opinion was expressed that the number of men accepting re-education would be greatly increased by the raising of the subsistence allowance paid during the training.

Plans were evolved for the most effective working of the great centres of re-education for soldiers so disabled as to be debarrated from their former occupations. These centres will include Guelph, Montreal, Halifax, Winnipeg, Saskatoon, Calgary and Vancouver or Victoria.

Among other points on which strong recommendations were made, as a result of the conference, is the need of special action for the benefit of ex-students. Nearly 6,000 college undergraduates and high school pupils have enlisted in the Canadian expeditionary force. A large number of these have already come back disabled, but as they are not absolutely debarrated from their former occupation, that of student, they are not eligible for the educational privileges conferred by the existing order in council.

The western members of the conference are visiting the commission's centres of work at Montreal, Whithy, and Toronto, before returning home.

ALBERTA CROP ACREAGE WILL BE INCREASED MATERIALLY IN 1917 IS CANADIAN NORTHERN REPORT

Lloydminster Will Have Fifteen Per Cent. More Wheat and Twenty-five Per Cent. More Oats Than Last Season—Labor Situation on the Whole is Said to be Satisfactory.

An increase of from five to twenty-five per cent. in acreage is shown from the province of Alberta, for the year 1917, according to the reports received during the week by the Canadian Northern Railway Immigration and Agriculture department at Winnipeg from the company's agents at various points in the province.

The report issued on Saturday indicates that seeding is well under way in most districts within the Canadian prairie. Northern railway travellers in Alberta, at Fort Saskatchewan, there is an increase of five per cent, with seeding commenced a few days ago. The situation on the coast is good. At this point, at Lloydminster, there is an increase of fifteen per cent. In wheat country, where the weather has been fine the week, and it is expected seeding operations will be active within the next few days.

The following table which is a partial list of districts reported indicates the increase or decrease in acreage, seeding commenced or will commence, and the date of completion.

District	% Increase or Decrease	Seeding Commenced	Will Commence	Date of Completion

COMMUNITY LEAGUE OF WEST END ADOPTS PROGRESSIVE MEASURES

Residents of 142nd Street District Behind New Enterprise With Fine Display of Civic Spirit—League Will Look After Property and Plan Community Systems For Work and Play.

The local improvement committee has been doing a land office business all week. The duties of this committee are many, and it was to present the principal business is garbaging improvements have not been entered into until local work is plowing of the lots, and before this can be done, the city will probably have been made Mr. W. McC. Moore down there, getting all the information on the social centre or community movement, and also on the vacant lots problem. He was very interested at once and was much impressed by the tremendous strides being made therein in the latter movement, and forwarded to the officers some of the literature used in their big publicity campaign.

The chairman of the committee, has had his hands full with orders for potatoes and onions. The same arrangements have been made for the supply of these commodities, and the committee will be able to take full advantage of them. Straying cattle will receive short shrift this season, as full arrangements have already been made for the removal of all "strays" within the city limits.

The petition for sidewalk along the Stony Plain road west from 42nd street, has not been taken up, and the committee expect little difficulty in obtaining the required number of signatures.

A fine publicity sign, eight feet by five, has been painted for the league by the painter, Schenker, and occupies a commanding position at the end of the 142nd street car line, opposite Mr. Duncan's store. The lower part of the sign reads: "The League of Happy Homes, organized to promote a community of happy homes by means of co-operation in welfare."

The executive committee, now in

The poultry section, in charge of Mr. Gerald Law, has taken over the program on Monday evening next from the program committee, and has arranged for a lecture by the provincial government poultry superintendent, to give his lecture illustrated by lantern slides. The meeting will be held at 8 o'clock in the upper place which is reserved for Mr. Foley.

The secretary, Mr. H. P. Brown, has been very helpful to the owners of vacant houses in the district, and taking steps to rent the same. This will be an important feature of the work of the committee.

The President, Mr. Geo. M. Hall, is at present on a trip through the States, but is working hard for the league.

The poultry section, in charge of Mr. R. D. Tighe, first vice-president, in the absence of the president, has been very active in consideration for the carrying out to the fullest extent of the objects of the league.

The social committee, under Mrs. Chas. Sanders, will shortly under a canvass of all the homes in the district, in order to get into the fullest touch with the people who have recently moved in, in order to extend the social invitation to all to the big field day to take place on Empire Day, May 24th. This event is being well organized by the program committee.

Mr. G. MacDonald, a feature will be old English folk games by the children, including the famous Maypole dance.

After being associated with the Bulletin for a period of 5½ years, J. Burgess has resigned his position and has left the city with his family for overseas service with the 138th battalion.

"Before his departure Mr. Burgess was the recipient of a gold signet ring, presented by the editorial staff and others of the general staff who had been associated with him during his career with the Bulletin. The presentation was made by J. Howe, editor, who alluded to the regret with which his fellow-workers regarded Mr. Burgess' departure, and they wished him to be taken where he would remind him of them and their wishes for his welfare and success in the future."

SEEKING MISSING MAN

Mrs. N. Leconte, of 133 Hopewell avenue, Ottawa South, has written to the municipal police asking for assistance in locating her missing son. He is described as 5 feet 8 in. in height, 145 lbs.; fair complexion and fair hair, with blue eyes.

Personals, Meetings, Club Activities, Weddings and Social Events

Miss May Howard left on Sunday for the coast to be gone a month visiting Victoria, Vancouver and Seattle.

Mrs. Chapman, wife of the late conductor J. Percy Chapman, returned from the east on Saturday, and is the guest of Mrs. John Shields, 423 102nd street, en route for Vancouver, where she intends to remain for the summer.

The W. A. of All Saints held a most successful rummage sale on Friday afternoon and the ladies were very pleased at the financial result which was in the neighborhood of \$240.00.

Mr. and Mrs. George H. Bailey, of Calgary, arrived in the city Thursday and are the guests of their daughter Mrs. Joe P. Price, McDougall court.

A. E. Hays, who has been in Toronto all winter, arrived in town on Friday night, and is the guest of his mother, Mrs. Hays, and his sister Mrs. Geo. Valens. Mr. Hays leaves for Westport Sunday morning.

The many friends of Mrs. Ethel Reese Burns will be pleased to hear that she is progressing very favorably after an operation for appendicitis at the Misericordia hospital, but is not yet allowed to receive visitors.

Following were the successful candidates in the examination held on Thursday, May 3rd, of Dr. Wright's home nursing class. The examiners were Dr. Anderson and Dr. Prust. Miss M. Buchanan, Miss L. Anderson, Mrs. J. Bolton, Miss E. Cummings, Miss E. Hobbie, Miss A. Higgins, Miss J. Draper, Miss M. A. John, Miss P. Coates, Mrs. C. Walker, Miss J. Buchanan, Miss E. Buchanan, Miss S. Shorne, Miss H. Goodman, Miss H. Mitchell, Miss L. Johnston, Mrs. E. Simpson, Miss E. Hobbie, Miss A. Higgins, Mrs. Griffiths, Mrs. L. Gonde, Miss F. Bruce, Miss M. Finn, Miss G. Carroll, Mrs. E. Niven, Mrs. E. Stuart and Miss O. Apjohn.

Afternoon tea is always so enjoyable and one becomes so sociable over the tea cups that notwithstanding the beautiful day which all were fain to spend outside, a goodly number found their way to the Macdonald hotel on Saturday afternoon. Some of those present were: Hon. A. L. and Mrs. Sifton, Mrs. A. H. Dickie, Mrs. Hugh Campbell, Mrs. E. H. Coleman, Mrs. Geo. Measom, Mrs. A. C. Orr, Mrs. Wm. Brockie, Miss Antoinette and Mr. Roy Royal, Mrs. W. B. Poucher, Mrs. Seymour, Mrs. Duncan Smith, Mrs. Branton, Mrs. Marjorie Poucher, Miss Alice Orr, Mrs. Couper, Mrs. Harry Rainford, Miss Claire Couper, Lieut. Paton (Winning), Mr. and Mrs. Rowe, Mrs. Rathbone Smith, Mrs. Evans, Mrs. Gretta Hawkins, Miss Helen White, Mr. Schuler, Mrs. Ennis, Mrs. Holman, Mrs. (Dr.) Hope and guest, Miss Helen Wishart, Miss Edna Mooney, Miss Dunes Stewart, Miss Irma Blackett, Mr. Petch, Mrs. R. G. Stewart, Mrs. (Dr.) Anderson, Miss Isabelle Richardson, Miss Greenwood, Mrs. S. S. Cormack, Mrs. Grant and guest, Dr. James Carmichael, Mr. James Stone.

An interesting concert has been arranged for Tuesday evening at the

Returned Veterans' Club rooms, at Jasper and 101st street, under the auspices of the Catholic Women's league. Rev. Fr. Ethelbert will give an address on "The British navy" and another enjoyable feature will be the performance of the Misses Zillite and Gabriella Belanger. The program is as follows:

Orchestra, "O Canada"; W. Cann, song; Misses Zillite and Gabriella Belanger, Castrol Polka; Orchestra, selections; Little Master and Miss Martin, song in fancy costume; address "The British Navy," Rev. Fr. Ethelbert; Orchestra; Miss Marquis, song; Master and Miss Martin, selection; Mrs. Cary, song; Misses Zillite and Gabriella Belanger, selection; Lieut. Thiene, song; Orchestra, God Save the King. A collection will be taken up.

About four hundred people were present at the concert and dance given in the great Victoria Association rooms on Friday night for the benefit of Private Taylor of the 7th Fusiliers. Private Taylor was severely wounded in the back at Mons and was one of the men nursing in the battalion. He lives at the corner of 113th and Jasper with his wife and child, and has been very much up and down since his misfortune early in 1915. Mrs. Taylor is ill in the hospital and expenses have naturally accumulated. The public responded generously and the sum of \$134.20 was realized. Some of those taking part in the program were Miss Laura McMillan, Miss McGregor, Miss Hughes and Mrs. Jones. Great credit is due to the activities of Corp. Ryan Jones of the 101st who helped to make the affair the success that it was.

Mrs. D. S. MacKenzie, Saskatchewan driver, was the hostess of a very charming affair on Friday afternoon in honor of Miss Annie Gillespie, whose marriage takes place this coming Wednesday. The afternoon took the form of a luncheon and about twenty guests were invited. All friends of the bride-to-be, Mrs. Geo. Harcourt, poured tea and Miss Helen Montfort, Mrs. Hazel Lufford and Miss Vera May assisted.

Just a cosy sit-around-the-fire sort of time and so thoroughly enjoyed by a train of guests, Little Miss Margaret MacKenzie dressed as a bride and to the strains of the wedding march then appeared looking a perfect picture and drawing behind her in lines of a train a large and all decorated with tulle and ribbons, in which the bundles of pretty things were, and which was duly presented to Miss Gillespie.

"They haven't got me yet," said a small boy Saturday, meaning that he had evaded the workers of the Y.M.C.A. Violet Tag Day, and was evidently very proud of the piece of strategy on his part. But just how long this distinction would last was quite settled in the minds of those who saluted him and found an army of cheerful and smiling "taggers" with boxes of violets to sell to swell the fund of the new building fund of the Y.W.C.A.

Circle No. 6 of the Baptist church met on Thursday evening at the home of Mrs. Whitehouse, 105th street. The evening was spent in games and music and were rendered by Mrs. Kinter, Mr. Wade and Mr. H. Smith. The gathering was specially favored by solos from three charming little girls, Miss Elsie Mitchell, Miss Ruth and Miss Gracie Whitehouse. Miss Janet Walkinshaw was the accompanist. This very enjoyable social affair was brought to a close after delicious refreshments were served, by singing the National Anthem.

MOTHER OF NINE CHILDREN
Able to do Housework by taking Lydia E. Pinkham's Vegetable Compound

Springfield, Mass. — "After the birth of my ninth baby I was in a weak, run down condition, had pains in my left side, and I would faint often. My doctor advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and gained in strength so I can now do all my own house work and I hope you may publish my experience with your Compound for the benefit of other mothers." — MADAM EUGENE BEHARD, 568 Main Street, Springfield, Mass.

Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

Pressing and Cleaning Coat

Dear Madam: Kindly say how the mud may be removed from a good black plush coat; also the best way to keep it when put away till fall? Thanking you in anticipation for a reply in the Women's Exchange column.

MRS. A. C. Castor, Alta.
Let the mud dry, and then brush thoroughly. Dip a soft cloth in gasoline and sponge very carefully with a long stroke towards the hem of the coat. Pack it away till fall, the same as you would your fur, and hang it up so that it will not be creased.

Celebration of Mother's Day

Dear Madam—Kindly tell be on which Sunday in May Mother's day is celebrated.

MAYBELLE
Mother's Day is celebrated on the second Sunday in May, falling this year on May 13.

Recipe Given—Others Requested.

Dear Madam—Please give me a recipe for pound cake, and one for cheese pie and crust. Here is my recipe for chocolate cake: To one cupful of sugar add one-quarter cupful of butter, two eggs, well beaten; add three-quarters of a cupful of milk, one and one-quarter cupfuls of

flour, sifted thoroughly; one-quarter cupful of cornstarch, one and one-half cupfuls of baking powder, one teaspoonful of vanilla. Beat well together, bake in moderate oven and cover with chocolate icing.

(Mrs.) J. R.
Ingredients for pound cake: One pound each of butter, sugar, flour and eggs, one tablespoonful of brandy, one-half teaspoonful of mace. Cream together the butter and sugar, add the brandy and mace. Beat the yolks and whites of the eggs separately until very light, add the yolks to the creamed butter and sugar, beat well, then add the flour and the whites of the eggs alternately, whipping in lightly. The batter should be stiff. Turn into square tins and bake in a moderate, steady oven, cover with paper to prevent the cake browning too quickly.

The recipe for cheese pie is referred to readers.

Urges Collection Waste Paper

Dear Madam—Some few days since the article I was rash enough to write advising the saving of all forms of old paper appeared, and to those who have wondered where an open cash market for such may be, let me say: Write to E. C. Grant, Esq., 22 Metcalfe street, Ottawa, who is the honorary manager of the paper scheme.

We all must know that paper is scarce and it is a national service to save all scraps of paper, old books, papers and magazines. The dealing in such is now a big business carried on by the Laurentian chapter of the Empire, where thrift—and cash payments for waste paper go hand in hand. Mr. Grant will tell you how to co-operate with the main committee and send hints and helps on organizing paper schemes for yourselves.

The plan I detailed was tried by an organization of ladies near the part of the United States where I formerly lived and it came to me, what a good plan it would be for any of our clubs or ladies' aid societies to raise cash for the Red Cross or other worthy purposes, for it is a plan wherein everyone, even the youngest child, can help.

My plan (to repeat something of the letter which the subject) is to have boys to solicit the papers and the members of club or other organization carrying on the work to make weekly collections with teams or automobiles. I suggested my scouts to do the work of soliciting the papers, because they make it a rule to conduct themselves as little gentlemen and would take pride in presenting the case to all whom they may approach. Girl Guides, too, could do valuable work for their country in the paper scheme, in fact, as I said before, even the youngest child can do his or her bit therein by the vigilant watch they can learn to keep in seeing that not even a leaf from school or college is wasted at any time anywhere. Let "Paper is valuable" get to be their motto.

All paper collected could be stored in some unused barn or shed until a carload lot was secured. Weekly meetings held to sort and bundle the different forms and classes of paper make it more marketable; a light lunch of tea or cocoa and sandwiches served.

MRS. D. J. McFADYEN, Edmonton, Alta.

BEADS POPULAR AS EVER.
Beads? Oh yes, beads are very much worn again; in fact, there is hardly any costume or hat which is complete without some beads and as a trimming have no equal for effectiveness. Now that the fine weather has come again, fine clothes are a consideration and an attractive trimming with comparatively little cost is very much sought after. With a little extra time an old or a new gown may be made smart and up to date with a design worked out in soft shaded seed beads or the fascinating purple beads.

Cut steel and gold are used more than ever. A very exquisite blouse of blue crepe with sand colored georgette as a motif for collar and cuffs was very beautifully finished in a bow knot design which followed the lines of the collar and cuffs, in sand colored seed beads, and for buttons—silk and beads made in the form of acorns were used. Hats are not complete without a beaded ornament, either entirely or partially made of beads, which include large and small. These ornaments can be made by anyone who has any time to spend. Patterns or figures are cut out of almost any heavy fabric and beads sewed to the outline or worked in solid. Bags and scarfs come in for their share of beads and even parasols have beaded tassels and balls, which are decidedly smart. It is generally known that in Edmonton there is one of the finest stocks of beads on the continent with almost every color and shape of bead made, this stock has just lately been added to by a full line of cut steel and gold beads and an assortment of seed beads which is very fine indeed. A visit to the Masters Piano Company's store, 1024 Jasper avenue, will astonish the customer.

Ryley Girl Guides Do Excellent Work For the Red Cross

The Ryley Girl Guides, numbering at present only five besides their captain, are not lacking in good deeds. Last fall they sold cake receipts at ten cents each and collected \$6.09, which they gave to the Red Cross society. This spring they purchased a doll at \$1.50 and started sewing clothes for her. They met once a week and sewed until they had a very nice wardrobe, which included several items, a couple of hats, a suit, two party dresses and several other dresses together with all the other necessary garments required to fill up a wardrobe. When they had this completed they exhibited the doll for a week in the drug store window and sold tickets amounting to \$26.50. \$1.50 of this they used to pay for the doll, the other \$25.00 they sent to the Edmonton branch of the Red Cross society. I hope this may be a help to other girl guides and girls who are not guides to be up and doing for this good work which is so sadly needed at present.

We want to thank all those who so kindly helped us by buying tickets and in other ways.

M. L. MacPHERSON, Captain.

VIOLET DAY BRINGS IN SUM OF \$1,250

Nearly 4,000 Raised For 'Sock Fund' of St. John Ambulance

The St. John Ambulance working committee extend their hearty thanks to the energetic convener of "Sock Week," Mrs. Mount, Mrs. Laidlaw, Mrs. Pardee and Mrs. Ashworth, through whose untiring efforts \$3,950 was collected for the St. John Ambulance working committee to send socks to the Northern Alberta men in France. The committee mailed in April, exactly 1700 pairs of hand-knit socks to the front and the balance will be sent as soon as possible.

A Strathcona man at the front is acknowledging receipt of socks \$2.74: "We cannot get socks like them here and those that are issued to us are very poor."

Another lad's mother, on hearing from her son regarding receipt of parcel, wrote the St. John Ambulance working committee to thank them for her boy does not have the opportunity to do so. He told his mother that the parcel reached him in the front line trenches at five o'clock on a Sunday morning and that no one could ever know what the warm dry socks meant to him and the others who shared them, coming in cold and wet from the listening post in No Man's Land for fourteen hours a night, after six nights in succession.

Extracts from such letters as these make the work of Edmonton's St. John Ambulance working committee a most thankful that they are privileged to knit socks and thus help to make the men at the front more comfortable.

THREE HEADLINERS AT PANTAGES FOR ANNIVERSARY WEEK

What the management promises as an all-star program will be presented at the Pantages Theatre all this week, starting with a matinee today. Mile. Blanca, for seven years premier danseuse of the Metropolitan Opera Company, New York, will head the bill with her elaborate series of spectacular dances, with appropriate set-dresses for each, in the presentation of which she is supported by M. Korsakoff and Wilhemina Faganilla. Mile. Blanca will present four numbers, three of which are in two parts each, each presented with special costumes, scenery and effects.

Ed. F. Reynard, who has not been seen here in several seasons, is coming back with a new act. He is always the ventriloquist who has a production. This time he shows his every funny rule character as a judge in a "court room" scene, with half a dozen other funny character dummies, all working in a setting that is rich. The novelty of the act is the introduction of a dancing specialty by Miss Katherine McConnell.

Alberto is an accomplished and versatile young man who offers an unusual combination of talent. He is not only a xylophone artist, but he dances while playing his instrument, a feat performed by no other xylophonist on the American continent.

CLUNE FEATURE CINEMA

SPECTACLES TO RETURN.

Not long ago Harold Bell Wright, the most popular of living writers, whose eight romances, including "The Shepherd of the Hills," "The Winning of Barbara Worth," etc., have had a total sale of nearly eight million copies, added to his galaxy of best sellers, "The Eyes of the World." This story of adventure and romance, in the cities and mountains of Southern California has been put into elaborate pictorial form by the Clune Producing Company, and the announcement is made that the production will be shown in this city for a return engagement at the Empire Theatre last three days this week, including a matinee on Saturday.

Wright's novel contains much of the kind of material out of which successful motion pictures are made, and it is promised that the photographs which form the background of the film version, compose a magnificent panorama of the outdoor glories of Southern California. Among the well remembered people of the story are Willard, the convict; Oakley, the forest ranger; Sybil, the mountain girl; Mrs. Talne, the

fashionable siren who attempts to snare the artist; King; Mr. Talne, the wealthy roue; Rutledge, the bull-necked art critic; Myra Willard, the scorned victim of the vitriol-thrower; and Lagrange, the cynical author-friend of the artist.

During the engagement of this picture the Returned Soldiers of the city will be the guests of Manager Benson.

DICKENS CHARACTER IMPERSONATOR COMING.

How would you like to see Uriah Heep in the flesh? How would it seem to hear Micawber, Sam Weller, Little Nell's grandfather, talk as they talked in the novels of Charles Dickens? The foremost impersonator of Dickensian characters is coming to the Empire Theatre for two nights only, May 10 and 11, with a repertoire of Dickens characterizations that will prove a rare treat. He is Frank Speaight, who knows more about Dickens than any other man on this or any other continent. He selects his characters from the following works of the late novelist: "Pickwick Papers," "The Pickwickians," "David Copperfield," "A Christmas Carol," "Nicholas Nickleby," "Oliver Twist," and "A Tale of Two Cities."

On May 11, Skovgaard, the Danish violinist, who on one previous occasion proved a big box office magnet, will appear at a recital at the Empire Theatre, accompanied by his \$12,000 violin.

Showing at the Monarch all this week.

AMERICA'S GREATEST ALL-ROUND HISTRION IN HIS FIRST MOVIE

George M. Cohan, the Yankee Doodle comedian, and the best press agent Uncle Sam has for his flag, has reached motion pictures. Having reached the top rung of the ladder of theatrical fame as an actor, author and producer, Mr. Cohan has finally turned to the silent drama as a new field of conquest. For his initial how to screen (fans he has selected "Broadway Jones" as his initial vehicle in the motion picture field, and it will be shown at the Monarch all this week.

Marguerite Snow, the well-known screen favorite, has the honor of being Mr. Cohan's leading woman in his first Arcturion production, in which she portrays the role of Josie Richards, the pretty stenographer at the Jones' gun factory, who shows the wild youth the right path.

It is said of Mr. Cohan that when he appeared at his motion picture studio the first morning of his screen career to produce "Broadway Jones," everyone expressed surprise at his familiarity with the technical workings and expressions of the plant. The mystery was finally solved when the famous actor-author-producer imparted the information that he obtained his first lessons in motion picture making from none other than Mary Pickford. The productions of both Miss Pickford and Mr. Cohan are distributed by the Arcturion Pictures Corporation, so naturally George M. felt that he and "Little Mary" were in the same family, so to speak.

The orchestra leader at the Monarch has prepared a special program of Cohan song hits for this week.

Over 1000 Agree That Service Pays

MORE than a thousand Goodyear Service Stations dot the roads of Canada from coast to coast.

Each is an independent concern—forging out its own destiny. Yet each has become a link in a vast chain of co-operative service-to-consumer endeavor.

Voluntarily—and for a big reason.

Every man stands in this widespread line of service outposts be-

cause he believes implicitly in the in-built and invariable goodness of Goodyear products. He has an abiding faith in the absolute rightness of Goodyear business methods.

In linking up with this institution they have agreed to carry out a policy of service initiated by Goodyear in your interest.

This service saves you great annoyance. It consists in doing things for you that must be done, or your car will suffer—yet things you are prone to neglect because of their disagreeable character. Note how this service saves your clothes, your time, your temper.

Goodyear Service Station men will:—

- advise you of the right size of tires for the load you carry, to guard you against the danger of overloading.
- tell you what air pressure best suits your needs, and so eliminate the dangers of under-inflation.
- test your tires for air pressure (and many will put in free air).
- inspect your wheels for alignment.
- inspect your tires for tread-cuts, stone-bruises, and other injuries. They will provide the remedy and advise you as to prevention.
- explain to you the value and use of Tire-Saver Accessories, and provide you with Goodyear Tire-Saver Kit which contains all the equipment necessary for making repairs on the road.
- explain the necessity of selecting good tubes, and their value in saving your tires.

Many Goodyear Service Stations will gladly:—

- test your battery, and add distilled water when needed.
- fill your radiator.
- raise or lower your top as the weather demands.
- examine your springs for broken leaves.
- suggest the proper grade of oil or gasoline for your car and the work it does.
- drain out old oil every 800 or 1,000 miles, if you wish, and add fresh oil.

MAY CLOSE DOWN LEAGUE

MINNEAPOLIS, Minn., May 6.—Whether the American association of baseball clubs will discontinue its playing season, or what steps are to be taken to remedy present unsatisfactory conditions, will be decided at a meeting to be called late this week, President Hickey said tonight. "The league has lost no less than \$1,000 a day for the past ten days," he added.

GUILTY ON THREE COUNTS

Montreal, May 6.—Seven months and a half in penitentiary to be followed by deportation from the country was the sentence imposed upon each of the three sailors of the British steamship Casandra, found guilty of endangering life, drunkenness and theft. The three, Charles Hyland, Frank Morgan and William French were each given six concurrent months for having endangered life. Morgan and Hyland were given six weeks additional for trying to broach the cargo, and French an extra six weeks for broaching the cargo and stealing \$4 bottles of Scotch whisky, valued at \$120. The trio were from the old country, whence they will be returned after they have served their sentences.

NOTED ATHLETE OF B.C. KILLED

"Bobbie" Powell, Who Captained
Canadian Tennis Team in
England, in Casualties.

VANCOUVER, B. C., May 6.—"Bobbie" Powell, tennis singles champion of British Columbia for many years, was killed in action in France, April 28, according to word received yesterday.

Powell had a remarkable career, both in sports and in civil life. He served as private secretary to the governor general of Canada from 1900 to 1904 and in the same capacity in Fiji until 1906. He was admitted to the bar in London seven years ago.

Powell founded the North Pacific Lawn Tennis association in 1904. The following year he won the tennis championship of Scotland. In 1908 he was captain of the Canadian tennis team which competed in the Olympic games in England and represented Canada in the Davis cup games in Chicago in 1912.

A Tire for Every Kind of Service

NOBBY TREAD CHAIN

DOMINION PLAIN

The test of the road has convinced the great majority of Canadian motorists that from whatever angle you look at it, DOMINION Tires are the best "buy".

We who view them from the inside know that there is more value—more tire mileage at less cost per mile—in DOMINION Tires than is put in any other tire.

Motorists who judge them by performance know that the secret of mileage must be built right into them, or they could not possibly give the service they do. The amazing growth in DOMINION sales shows clearly that Canada is fast approaching unanimity on this point.

As no one type of tire can possibly suit all needs, we make

The Big Four

Nobby Tread Dominion Tread

90% puncture proof. Gives maximum mileage and practical freedom from punctures and other annoyances.

A thoroughly dependable anti-skid. Has the most rubber where there is most wear—on the tread.

Chain Tread

The suction of the cup-shaped links grips the road—prevents skidding—and gives remarkable traction.

Plain Tread

The basis of all DOMINION Tire value. Serviceable and economical, for mileage is built right into it.

Whatever car you drive—wherever and however you drive it—there is a DOMINION Tire perfectly adapted to your needs—the one tire it will pay you best to buy.

Behind DOMINION Tires stands the largest Manufacturer of Rubber Goods in the British Empire

MONDAY, MAY 7, 1917.

With all his stolid resolution, Von Hindenburg must be getting to look on the advance of the Allies with something like the feeling with which the Canadian householder watches the advance of the high cost of living.

Employees of the Vancouver sugar refinery are on strike. No doubt the sugar refiners justify the present hold-up price for sugar on the usual ground that they have had to raise their employees' pay to meet the increased cost of living. We may now expect another boost in price to meet the cost of importing strike-breakers to keep them from getting the raise.

The Toronto Telegram attributes to the Liberal party an intention to invite the Austro-German citizens of Canada to "vote against the Government that is fighting Germany." Readers of the Telegram will have to be as stupid as the Hun diplomatic corps if they can be got to believe that manifest libel. If the readers of the Telegram can understand English they know that the consistent criticism of Liberals—in which the Telegram has occasionally joined—is that the Government is not fighting Germany more than half as hard as it ought to.

Promoters of the win-the-war convention take the ground that Parliament as at present constituted does not represent the opinions and sentiment of the Canadian people. That view is probably correct. If it is correct, what is needed is not an unofficial convention of self-appointed talkers, but an opportunity for the electors of the country to select members of Parliament who will represent the present opinions and temper of the people. Canada is governed by Parliament, not by irresponsible assemblages of impotent and self-selected individuals.

A London paper is surprised at the organizing genius shown by Hon. Robert Rogers—after an interview with him—in an election contest in 1911 waged on the issue of "reciprocity with America as opposed to preferential union with the Empire." Not any more surprised, however, than the Canadian manufacturers will be to thus learn that they spent their money on that occasion to obtain for British manufacturers an easy entrance into the markets of Canada. Nor, perhaps, any more than the British manufacturer was to learn that since that supposed victory for the development of Imperial trade it costs twenty-five per cent. more to get British-made goods into Canada than it did before. The paper appropriately suggests that Mr. Rogers has a sense of humor. It seems so.

The best that Commissioner Davidson is able to say for Mr. T. de Witt Foster, ex-M.P., is that he did not share in the plunder. Presumably this is intended to show that Mr. Foster's honesty is sound. It may only convince his horse-dealing friends that his head is weak.

The Davidson commission has got out another report, reciting the facts regarding the purchase of army horses in Nova Scotia, which were made public two years and a half ago by the public accounts committee of Parliament. This is the second report the Commission has got out about these ancient matters within three months. If the commission isn't careful it will overwork itself.

Canada's real "win-the-war convention" is now in session in Ottawa. It consists of members of Parliament and Senators representing all shades and sections of Canadian public opinion, and clothed with authority to carry that opinion into effect by whatever means seem best and at whatever cost of blood and money may be necessary. If a convention of that kind cannot deliver the whole weight of this country's strength in blows upon the enemy it is useless to expect that the end can be attained by a convention of delegates who will represent nobody but themselves and have no authority to do anything but talk.

The city tax sale has not been the success that was hoped for but it has been the means of bringing into the city treasury \$306,000 arrears, which, but for the sale, would not have been paid yet, nor likely for an indefinite time to come. Though it is small in proportion to the still outstanding taxes, that three hundred thousand dollars will go a long way toward meeting obligations which would otherwise have to be met by borrowing. And the fact that the sale was held will also go a long way to convince the city's creditors that the tax-payers do not ask to be carried indefinitely, but are prepared to do whatever can be done in order that what they owe shall be paid.

It is a widely-accepted principle—which is being carried into practice very generally—that speculation in real estate imposes hardships upon the individual for the benefit of the individual which warrant the governing authority taking a part or all of the unearned increment of real estate values by specific taxation. Speculation in real estate never imposed heavier burdens upon the public than speculation in food-stuffs is imposing upon the people of Canada today. If the public are entitled to the protection afforded by a tax on the unearned increment of real estate values, why not to the protection of a tax on the unearned increment of the values of wheat and other food-stuffs which are being used as the basis for speculative operations?

JOFFRE UNABLE TO VISIT CANADA, BUT BALFOUR MAY COME

Toronto, May 5.—In reply to an invitation extended by the University of Toronto to Marshal Joffre for a visit to this city, the Marshal has replied that his time is too limited to permit of his visiting Canada. He expressed his appreciation of "the heroism of the Canadian troops, who are fighting on the soil of France, and are shedding so generously their blood for a common cause."

Hon. A. J. Balfour, who was also invited, but he will certainly do so. Mr. Balfour stated that he cannot make any definite engagements at present, but he will let us know later. No reply has been received from M. Viviani," said President Falconer.

OVERSEAS MOVEMENTS.
London, May 5.—The following Canadian officers are gazetted to the general staff: To be G.S.O., Canadian force, Captain W. S. Wedd, of the local force, attached to headquarters unit as a staff captain, Major C. S. Hanson, artillery. Among Canadian chaplains just posted to duty in France are Capt. R. A. Scarlett, Winnipeg, and Captain D. Oliver, Moosemin, Sask.

SUB PROBLEM MAY HAVE BEEN SOLVED

New York, May 5.—W. L. Saunders, chairman of the naval consulting board, announced today that the board had forwarded to Washington plans for dealing with the submarine problem which, it is believed, have solved the problem successfully. Mr. Saunders, who has been chairman of the naval consulting board about two months, said: "I am glad to say that the submarine problem has been solved, not only in the ordinary, but on the strength of practical tests on the Atlantic coast."

Mr. Saunders added that 500 inventions for U-boat suppression had been submitted.

LEGAL INQUIRIES

Legal questions will be answered in the columns of The Bulletin, after being submitted to The Bulletin's own legal representatives. Write on one side of the paper only, in brief. Send stamped envelope for reply.

Agreement of Sale.
To the Bulletin Legal Dept.
Would you kindly answer the following questions in your paper:
(1) I have an agreement of sale of land. The purchaser fell down in his payments. It says on the agreement I can reenter and take possession of land and buildings, and that agreement of sale becomes null and void after payments are overdue, with purchaser's name signed to same. Can I take possession as per agreement, without going through a course of law?
(2) Can I notify tenant living in the house now to pay over the rent to me, if I cannot take possession?
(3) If it is necessary to go through a course of law to re-enter, give me the simplest and quickest way. How long should it take to wind it up?
F. H., City.

(1) No.
(2) You had better give the tenant notice to pay the rent to you, stating that the agreement provides that when payments are in default you are entitled to go into possession and that the payments are in default.
(3) If you wish to regain possession of the property you will have to take action to foreclose the mortgage. This will mean that you will have to put the property up for sale unless you can show the Court that it is worth considerably less than the amount of your claim. It will take you anywhere from six months to a year in order to foreclose the mortgage.

Purchase of Piano.
To the Bulletin Legal Dept.

Please answer the following questions:
(1) A party bought a piano on the deferred payment system. After a few payments he was unable to continue them, so asked me to take over the whole business. Before doing so I asked the vendor for this receipt, which was granted, providing I paid up the arrears and agreed to pay the balance of the capital sum, namely \$385, which I have in full payment, but have demanded a sum of \$53, interest, as the party signed an agreement to that effect, and of which I was not notified at the time of the sale. This was at 8 per cent on \$500. Am I obliged to pay this?
(2) I hold a note for money lent, dated Aug. 31st, 1915. The party has had luck, so I did not press for payment, but he has been working steady now for 15 months, but will not make me an offer to pay. Can I garnish him?
Y. Z.

(1) In our opinion you would have to pay the interest charged, as it would be included in the amount stated to be in arrears, that is to say, you evidently agreed to pay \$385.00, principal, and the arrears, which would include interest.
(2) Yes, you can garnish the man's wages.

Australia's Man-Power.
From the Melbourne Argus.

We can help Britain in one way only, and that is by providing her with troops. We can provide her with troops in one way only, and that is by accepting and enforcing the principle of universal service. Both Fusion and Labor parties fear and hate the issue of conscription; but that issue must be raised, for it involves the fate and welfare of the Commonwealth. Of all the issues debated in the election it is the most important, the most vital, the one which it is most absolutely essential we should review and decide.

HELPING HOME RULE.

New York, May 5.—When the chairman of a mass meeting, held tonight in Cooper Union by 32 organizations composed of Americans of Irish birth or descent, refused to receive a resolution calling upon President Wilson and congress to intercede on behalf of Irish independence, a riot broke out which resulted in the death of more than 30 persons from the hall and which was not quelled until two hundred policemen made free use of their clubs.

SOUVENIRS OF THE WAR

We haven't much time to sorrow
For the men we left behind,
Whom we hardly covered in shell-holes
Where the ugly trenches wind.
Tomorrow, perhaps, they'll move us
To another place on the front.
We'll miss many old-time comrades
When we pull off another stunt.

There'll be lots of brand-new faces
With new drafts drifting in.
Today they are sorting out tickets
To send to the "next of kin."
The paymaster's busy, I tell you,
With lists and bills and valors.
Tying up tiny bundles—
Souvenirs of the War!

Just check this lot as I give it
(There isn't much to send.)
A little wrist watch, a broken—
The gift of a lady friend.
A Testament, too, "from Mother."
Quite clean and sweet and new,
And a little, old dog-eared diary,
Made up to the day he died.

There's photos of all the home-folks—
His own looking brave and stern—
A picture of one girl who died.
Always too dear to burn;
A couple of battered badges
Which, perhaps, the girl may prize
(There's a lot of work for the pay-clerks
With every man who dies).

Of course, you're thinking of Charlie
And the last we saw of Mac,
We, all of us, prayed to get forward
And never a man held back.
So whether they dropped on the pave
Or were simply blown to bits,
It's only some more that's added
To the score we settle with Fritz.

There are souvenirs meant to be handed,
Looked on, cried over, and such,
And ones that lie deep in our memory
But do not respond to touch.
Scenes that will rise to fancy,
When war has faded from sight,
And we look down on old "Sausage Valley."

And fields where we labored by night,
We'll go back with some empty saddles
When the regiment moves again,
They'll start the old drill all over.
For the sake of new cavalry men,
We've been in the line of battle,
Looked death in the face, and stared
Some that are gone were youngsters!

How does it come were spared?
Some will have ribbons upon them,
Each will have fought with fate;
Soldiers are men who can see things
To trifling to ever relate.
Oh, in the years long coming
Many will haunt us back
To corpses in gray and khaki—
Horrible, bloated and black.

We haven't the time to sorrow
For comrades we left out there,
We did what we could for the living
The dead had no cause to care.
When our turn comes for passing,
The same as those we miss,
We won't ask more of tribute—
Than the old poem like this.

U.S. MONEY VAULTS OPENED TO ALLIES

Washington, May 5.—A second loan was made today by the government to Great Britain. The amount, \$25,000,000, was transferred by Secretary McAdoo to Ambassador Spring-Rice. It will meet Great Britain's requirements in this country for about three days.

The loan is for a short term and will be taken into the greater loan to be made when the proceeds of the big bond issue are in hand. Announcement also was made that the \$100,000,000 loan to France would be made within a day or so.

ARMY SYSTEM IS FOLLOWED BY NEW ADMIRALTY PLAN

Lines of Reform Will Separate Functions of Fighting and of Administration

London, May 5.—Reorganization of the Admiralty "proceeds apace," according to the parliamentary correspondent of the Times. He writes: "There has been more of it during the last three or four months than the house is aware, but the Prime Minister's conference there on Monday gave it fresh impetus."
"Broadly speaking, the line of reform is to separate more clearly the function of fighting from the functions of administration and supply."
"The office of first sea lord, in the future, is to correspond to that of Sir William Robertson at the war office. In other words, he will himself be the head of the enlarged war staff, strengthened by the addition of younger officers of the fleet."

MENACE OF PRUSSIA INCREASES, PEOPLE OF WEST WILL WIN

Washington, May 5.—President Wilson occupied a seat in the executive gallery of the house today while British Foreign Minister Balfour and members of the British missions were received on the floor. It was the first time as far as Capitol historians can find that any president of the United States had appeared in the galleries.
Minister Balfour, in a speech before the House, declared: "The menace of militarism increases. We free peoples of western civilization are banded together to fight this menace. In this cause we will surely conquer."

How The Kaiser United The World Against Germany

The Kaiser's eligibility for the Nobel peace-prize occurs to one editor as he contemplates the burning away of old distrusts and hatreds among the once hostile peoples now banded together in a spiritual as well as a military alliance against the Central Powers. England and France forgot their ancient feuds, England and Russia their territorial jealousies, Russia and Japan their quarrels in Asia, while the United States, brushing aside old wrongs and recent suspicions, steps into line beside England and Japan in the great alliance whose dominant purpose is to make the world "safe for democracy."

As visible symbols of this new spirit of international brotherhood among former foes, he sees the flags of the Allies flying side by side in the various capitals, and the Stars and Stripes beside the Union Jack above the Parliament Buildings at Ottawa and Westminster, where no foreign flag was ever before unfurled.

In THE LITERARY DIGEST for May 5th, the feature-article presents the consensus of American public opinion upon the visit of the British and French Commissions and the far-reaching results which the conferences at Washington will develop.

News that is really news, that is accurate as to facts and recent as to date, is certainly hard to get nowadays. In addition to the ordinary difficulties that beset the path of newspaper editors many others have now arisen. The unreliability of reports, the bias of sources of information, political expediency, the censor's pruning-knife—all these make the gathering of real news harder than ever before. THE LITERARY DIGEST, greatest of news-magazines,

has at its command avenues for securing information not available to the average periodical. It gives both sides of every occurrence in the language of the publications recording it, and it has no incentive to garble or change such accounts in any way, its policy being one of strict impartiality in all fields, social, religious, political, and the rest. For a fair, concise, unbiased presentation of actual facts read "The Digest."

"THE LAND TITLES ACT."

Mortgage Sale of City Property

PURSUANT to the directions of the Registrar, and by virtue of the Powers of Sale provided by "The Land Titles Act," under a certain mortgage, which will be produced at the time of the sale, there will be offered for sale by Public Auction, at the Court House, in the City of Edmonton, in the Province of Alberta, on

Saturday, the 19th day of May,

1917, at the hour of Eleven o'clock in the forenoon, the following Property, namely: "The most Westerly 27 1/2 feet of the most Westerly 54 1/2 feet of the South Side of 101st Street, in Block 11, in River Lot 10, Edmonton, Plan A-11."

Terms of Sale to be 10 per cent. cash at the time of the sale, and the balance according to the terms and conditions to be made known at the time of the sale, or upon application to the Vendor's Solicitor.

The above Property will be offered for sale subject to a sealed reserved bid, and from all encumbrances save the reservations, conditions and provisions in the original grant from the Crown, and the Duplicate Certificate of title and taxes for the current year.

The Vendor is informed that the above Property is situated on the South Side of Jasper Avenue, facing Fraser Avenue, and has a frontage of 27 1/2 feet and a depth of about 100 feet. There is a one and a half storey frame building on the front of the lot with other buildings in the rear.

For further particulars and conditions of sale, apply to Messrs. Woods, Sherry, Collinson & Field, McLeod Building, 1231-1233, Edmonton.

LOCATED at Edmonton, in the Province of Alberta, this 3rd day of April, A.D. 1917. WOODS, SHERRY, COLLINSON & FIELD, Vendor's Solicitors.

Approved: L. T. BARCLAY, A.D. Registrar.
